

**DIGITAL MAP PRODUCTS' LARRY M. STEGE, CGA, CGP INDUCTED INTO
NAHB SOCIETY OF HONORED ASSOCIATES**

Irvine, CA – April 7, 2010 – To honor his commitment to the building industry, Larry. M. Stege, CGA, CGP of Digital Map Products, was recently inducted into the Society of Honored Associates of the National Association of Home Builders (NAHB). Stege was inducted at the Associates Awards Breakfast on Jan. 20 at the International Builders' Show in Las Vegas and was nominated by the Texas Association of Builders (TAB).

Digital Map Products' CEO Jim Skurzynski said it is an exceptional honor to have someone working for Digital Map Products (DMP) that is so committed to the building industry "We are consistently inspired and impressed by Larry's dedication to the building industry. His extensive industry knowledge has also played a significant role in his success at DMP, as he is able to relate to the needs of our customers and share his insights. He is an exemplary member of the NAHB and has made important contributions to the building industry as a whole".

Stege is the National Director for Digital Map Products' LandVision™ product, a real estate research, analysis and collaboration tool that embeds powerful geospatial technology so builders, developers, and commercial brokers can make location-aware decisions. In his role as Director of New Market Development, Larry interacts with many NAHB members and is extremely involved with daily industry events.

Induction into the Society of Honored Associates is an honor reserved for associate members recognized for consistently exemplary association service, outstanding contributions on the local, state and national levels of the home building industry, and civic responsibility. Stege has been an NAHB member for 24 years and held numerous leadership roles in his HBA chapter throughout his tenure, including a seat on the board of directors and two terms as vice president. He also serves on the board of directors of Homes for HOPE, a building industry organization that supports the mission of HOPE International, an organization with the goal of

eliminating poverty worldwide.

“The depth and breadth of Larry Stege’s commitment to the home building industry is exceptional,” said Kevin Holland, president of the Greater Houston HBA. “His service on the local, state and national levels spans an inspiring and critically important range of issue areas including financial support and legislative initiatives.”

In addition to his leadership roles Stege also publishes a newsfeed on housing industry trends, Housing Industry News, which is read by nearly 3000 building industry leaders. To sign up for Housing Industry News, visit: www.digmap.com/campaigns/HousingIndustryNews.PR.html.

###

ABOUT NAHB: The National Association of Home Builders is a Washington-based trade association representing more than 175,000 members involved in home building, remodeling, multifamily construction, property management, subcontracting, design, housing finance, building product manufacturing and other aspects of residential and light commercial construction. Known as “the voice of the housing industry,” NAHB is affiliated with more than 800 state and local home builder associations around the country. NAHB’s builder members construct about 80 percent of the new housing units built in the United States each year.

ABOUT DMP: Digital Map Products is a leading provider of web-enabled spatial solutions that bring the power of spatial technology to mainstream business, government and consumer applications. SpatialStream™, the company’s SaaS spatial platform, enables the rapid development of spatial applications. Its ParcelStream™ web service is powering national real estate websites with millions of hits per hour. LandVision™ and CityGIS™ are embedded GIS solutions for real estate and local government.
